RECOGNIZE MEXICO BEGS LEGION

MEXICAN AID IS URGED BY LEGION HERE

Richmond Post No. 10, American Legion, last night showed itself a militant and tactful organization by the unanimous enactment of a resolution urging the President and the Congress to take prompt and effective action to re-establish diplomatic relations between the United States and the Republic of Mexico.

The resolution was introduced by Dr. J. B. Spalding.

Many Visitors on Hand

There were large delegations present from Martinez, Crockett, Danville and other parts of the county, and the large turnout of Legionnaires made a fine impression on the visitors.

Musical Features

The rousing and stirring playing of H. E. Stratton, steeple jack, and the mellow tenor songs of White, coupled with Chick Barry's orchestration and the abandoned piano playing of Joe Sturms, gave the gang enough melody to hold them for awhile.

Legion Will Give Show

The Legion will co-operate with the ladies' auxiliary in putting on an elaborate three-day show here. The matter will be under the direction of Miss Staley of New York, who announced that the savings of 150 to 200 people will be required properly to present the performance, details of which will be worked out later. A committee composed of Commander T. M. Carlson, J. E. Smalley, and Joe Sturms, will act with the auxiliary.

The Post will invite poets of Alameda and Marin counties and all poets of Contra Costa to take part in the Memorial Day exercises here, when ground will be broken for the Memorial site.

Governor Stephens will speak. Among those who spoke last night were Commander Billy Lewis of the Crockett post; Commander Merrill Wright, of the Martinez post; Tony Reggardo, M. B. Vesle and Rex Boyer, chairman of the county council.

Rev Paul Little Will Address Cadets

For the third time the Rev. Paul Little has been requested to act as chaplain for the High School Cadets. Next Sunday morning at 10:30 he will hold chapel services for them, speaking on the subject: "Playing the Game to Win."

Rev. W. C. Hobins, of Melrose Methodist church will preach at Wesley church Sunday morning. At the Sunday evening worship Dr. Little will occupy his own pulpit and will deliver a discourse on "A Race Race." There will be special music.

W. H. HANLON WAS VISITOR TO RICHMOND

County Superintendent of Schools W. H. Hanlon was in Richmond Thursday evening, and had dinner at the Elks Club with Deputy District Attorney T. H. Delap.

Richmond Boy May Be Regular With Orpheum

John Toffoli, Richmond accordion artist, was given what the folks behind the foot lights call a good "hand" when he played at the San Francisco Orpheum last week.

Johnny, who is a genial and likable young chap without anything "up stage" in his make-up, says he may soon be a regular on the big circuit. It all depends on the contract which he is submitted.

With his smiling, boyish face and his unending good humor and a whole lot of talent, that young Italian-American will travel far and make friends and money.

High School Cadets Are Best Ever Says Y Man

"The Richmond High School cadets are more like real soldiers than any high school men I have ever seen in camp—and I've seen a good many, at that," said Secretary V. D. Brammer, of the Richmond Y. M. C. A., to the Record-Herald yesterday when questioned touching the activities of the big camp at Leona Heights.

Good Rations Furnished

Fond mothers who may be worrying for fear their boys may not be getting a full ration will give attention to this menu for Friday's breakfast:

Oatmeal Bacon and Eggs
Bread, Butter, Jam
Coffee

"Seconds" for Cadets

And come closer, good mothers: the dinky youngsters may have "seconds." The cadets had big, juicy beefsteaks at supper Thursday evening.

They've got one of the best army cooks from the cooks and bakers school at Fort Ord as mess sergeant, and under him is a capable corps of aids who know how to serve large portions of wholesome food that hit a growing American boy right where his emotions largely are centered.

Breakfast is served at 6:30 sharp, and the cadets eat late—well, it isn't in the cards for any of them to be late, because you see the camp is conducted just like a regular army establishment.

When Reville Sounds

The bugler sounds reveille at 5:45 these cool mornings, and the fellows fall out of their bunks in a jiffy, get into their uniforms and fall out for roll call. Then back to the barracks to get ready for breakfast. The forenoon is given to regular and healthy discipline and exercises.

Rifle Range Attracts

The state rifle range, one of the finest on the coast, is the place where the cadets assemble in the afternoon. There they have the chance to try out their shooting eyes, and to let the old rifles blacken their young shoulders with a kick that makes the wallop from a Mustang like a maiden's caress, by comparison.

But it's good for 'em.

And they "come back for more."

No Yellow Flag There

The yellow flag does not fly over Leona Heights.

The Y. M. C. A. have provided a big tent where the boys can go and write to their mothers and to "the girls they left behind them."

They also can sit and listen to music and tangle with the radio sets they carried along from the high school.

Brammer Doles Boys

"There are 227 boys in camp. They are a fine, upstanding, rational lot, and it's a pleasure to work with them and for them. Say, it's a great camp, old man, and I wish you'd come out and have a look at it," Brammer said.

Captain Wall, of the United States Army, is on the job, and so is Sergeant Toole, who has charge of the rifle instruction. The mess sergeant is Sergeant Smith.

Major Ivan Hill, commandant of the Richmond Union High School, is on the job.

Tonight forty members or more of the Richmond Rotary Club will go out and pay a visit to the gang, and will carry several boxes of California oranges and enough ice cream to go around, and then some.

A band concert will be enjoyed by the boys Sunday evening at the Y tent.

Sunday morning Rev. Paul Little, pastor of the Wesley Methodist church, and former chaplain, will deliver a militant sermon to the lads.

Jerome Shaffer, popular and pleasing impersonator, will be the attraction tonight at the Y tent.

HARBOR HERE AS TERMINAL FOR ESS PEE?

Coming closely on the heels of the Santa Fe's recent announcement that they will double track their system from Chicago to Richmond, and spend \$30,000,000 in doing it, the statement of Industrial Agent A. K. Frye of the Southern Pacific Company at a luncheon at Martin's Grill yesterday that the Southern Pacific are laying plans to enter the Richmond harbor seems fraught with increased significance.

Two Trunk Lines' Faith

When the two great trunk lines that connect this port with the Atlantic seaboard show their faith by their works, the time is at hand for small investors and modest business men to can their cavi and join the ring of the boosters here.

Frye's Speech Opportune

Frye's speech was made at a time highly opportune for Richmond; the luncheon was given by real estate men of this city and Martinez to President C. C. Tatum of the California Real Estate Association and his staff, and therefore Frye's little seeds of optimism were dropped in soil where they will fructify.

"Angels" to Spread News

Tatum is from Los Angeles, and those "angels" have got the universe beaten to their knees for spreading publicity that pulls.

Tatum and his bunch will go back south and spread the news.

Mayor Makes Talk

Mayor E. J. Garrard told the luncheon guests a few things about Richmond's harbor.

Others who spoke were Glenn D. Williamson, secretary of the state association; C. A. Ricks, president of the Contra Costa Realty Board; C. C. Tatum and O. A. Vickery.

The following were among the visitors from out of town: George Putnam, L. E. Ray, Dr. Woodward, of Walnut Creek; L. C. Dummell, L. H. Muller and C. A. Ricks of Martinez.

Secretary Harry W. Werne, of the Richmond Industrial Commission, in welcoming the guests, said:

Mr. Chairman, our distinguished representatives of the California Real Estate Association, and members of the Richmond Real Estate Board:

Mr. Tatum, we welcome you to our city, and would like to show you and your officers our city. Richmond, and your stay is so short that it will be impossible for it you only visited one of our many factories, it would take you several hours to do it. But we are pleased to have you come to see us, for you are teaching the real estate man that spirit of co-operation which will enable him to accomplish everything that he undertakes, if he co-operates with his fellow realtor! It was the real estate man who developed our great city, and he is the man who has never before by the spirit of co-operation.

Richmond owes its present growth to Richmond real estate men and tract owners. These men who came here in the early history of the city, and vision of great things, laid out this wonderful city, brought industries within our gates and interested the United States government in the Inner Harbor and made it possible for thousands of workers to earn their livelihood in the factories that were brought here by the efforts of the real estate men. But to all this we must look for the fact that it was co-operation that made it possible to do these things!

It wasn't so long ago that a prominent statesman remarked: "If you want to build a great nation, look to your children—see that they have healthy bodies are properly educated, and you need not fear for the future." Richmond has provided good schools, and with teachers second to none in the state of California, we intend that our children shall take their place at the top, and be leaders of men and women!

Richmond believes in advertising, and is preparing a handsome booklet to advertise Richmond's advantages to the world.

Richmond needs many things, and the Richmond real estate men are going to see that she gets them. Among these things is a change of our charter. Since our present charter was adopted, we have grown from a city of 5000 people to

CITY DONNING RAIMENT FOR BOYS' WEEK

Did you see Old Glory flapping its folds up and down Macdonald avenue yesterday?

The American Boy is being honored by the Stars and Stripes.

The avenue is being got ready for Boys' Week, which is to be observed in Richmond in fashion to keep it abreast of the cities of the nation.

A full and complete program is being perfected for the whole week of May 1 to 7, inclusive.

Relay Race Feature

One of the most interesting features of the whole celebration will be the big relay race to be held on Saturday, May 6. Macdonald avenue will be cleared of vehicular traffic from First to Eleventh streets. The grammar school boys will be the entrants. There will be teams of five men each, and at the shot of the pistol the runners will dash for the tape. After the relay, the winning team will race at the athletic field out at the high school and the individual winner will be awarded a handsome \$75 bicycle, which is being donated by Lou V. Schroeder.

All Civic Bodies Endorse

Boys' Week is being given the endorsement of all the civic bodies, churches, lodges and societies of the city, receiving the especial attention of the Richmond Y. M. C. A.

At the big event on the athletic field there will be representatives of numerous schools of the county.

EDITOR PLEAS ROTARIANS HERE

Taking members of the Richmond Rotary Club into his confidence, and conducting them to some of the pictures and incidents "behind the scenes" of a metropolitan newspaper, E. A. Vanderventer, editor and publisher of the Oakland Post-Enquirer, yesterday talked entertainingly for 20 minutes on modern journalism.

"Newspapers are what their readers make them. They photograph life as it is," said the speaker.

A newspaper's most sacred contract is the one it has with its readers, according to Vanderventer, and the people virtually own the press. "Like the human race, newspapers are improving," the publisher concluded as his hearers listened and hoped vainly for more of what was a really pleasing speech.

H. W. Pulse was chairman of the day.

Group two arranged the program.

Abstract and Title Firm Re-Organized

The Contra Costa Abstract and Title Company announce a re-organization. L. E. Mullen, manager, and L. C. Dummell, secretary, were in Richmond yesterday and conferred with Mrs. R. Vaughan, who represents the company here.

The officers of the company, under the reorganization are J. E. Rodgers, Martinez, president; H. E. Dunkel, vice-president; L. C. Dummell, secretary; L. E. Mullen, manager.

25,000 people, and the assessed valuation from \$5,000,000 to \$25,000,000, and now we need some changes that will assist us in our future growth.

The United States government is dredging the harbor at the present time. This harbor when completed will bring ships of the world into Richmond's harbor, and permit them to dock alongside wharves where railroad cars will meet ships. The city terminal, which only a few years ago was constructed, is now being enlarged to accommodate the increased business.

Richmond real estate men have learned that with the spirit of co-operation we can develop Richmond into a great city, and we see future Richmond with world commerce within her gates, her industries operating to full capacity, and a city of 200,000 contented people.

President Tatum and visitors, we again welcome you to our city.

Changes In City Plans Of Zoning

Cutting Boulevard between Market and Sixth streets, will be available for industries in the city's new zoning plan. It will be a business street the rest of the way.

Garrard Boulevard will be a business street.

Macdonald avenue, all the way from its commencement to San Pablo avenue will be a business street.

Tenth street will be a business street.

Twenty-third, from the north end of the city to Cutting Boulevard, will be a business street.

It streets shall be formally designated as "business streets" it still will be an easy matter for residences to be erected thereon upon proper showing.

These things were determined in a meeting at the City Hall yesterday afternoon when about 30 people met and engaged in a free and easy, friendly discussion of differences which has caused more or less unrest in the hearts and minds of business people of Richmond and elsewhere.

The meeting lasted from 2 o'clock to 4:30 and was presided over by Mayor E. J. Garrard.

Yesterday's decisions which were arrived at after the manner suggested by St. Paul when he said "let us reason together," may be said to be traceable to a mild objection interposed at a luncheon held in Richmond a few weeks ago, when Harry Werne, speaking for and on behalf of the Richmond Industrial Commission, protested against certain lines projected under the zoning plan being made final and absolute.

Last Monday evening, the City Council heard objections and suggestions elaborated upon by different parties in interest, and Mayor E. J. Garrard appointed a committee of representative citizens who met yesterday agreeable to the plan then laid down.

The committee adjourned to meet again next Wednesday afternoon, May 2, at 2 o'clock.

Industrial Agent A. K. Frye of the Southern Pacific Company, H. W. Werne, George S. Wall, S. Emanuel, E. J. Burg, W. T. Helms, George Fredenburg, City Engineer H. D. Chapman, City Manager J. A. McVittie, City Attorney D. J. Hall, Harbor Master J. H. Manser, C. H. Holdridge, A. H. Hayden of the Santa Fe Railroad, Mr. K. A. Cole, R. Schapiro, O. R. Ludewig, Mrs. H. Andrieu, Miss Agnes Squire, A. C. Burdick, F. C. Donnelly, L. E. Johnson, M. A. Hays, C. S. Senwick, H. A. Johnston, F. B. Lamaine, Mrs. J. W. Eaton, Dr. W. S. Lucas, Mrs. C. R. Blake and all the members of the Council.

Auxiliary of O. R. C. Held Whist Party

The Auxiliary to the Order of Railway Conductors held a very successful whist party Thursday afternoon. Prizes were won by Mrs. A. B. Cole, Miss Helen Sullivan, Mrs. B. Swearington, Mrs. Drake and Mrs. M. J. Gordon. Mrs. O. E. Smalley won the door prize, while William McGroth won the luncheon set. The committee in charge of the party was made up of Mesdames Bryant, Black, Parks and Church.

James Walker to Build Flats Here

A modern two story flat building will be erected by James Walker, brick contractor, on two lots which he has purchased on the south side of Barrett avenue, between Eighth and Ninth streets.

MRS. J. J. DALEY TO BE CLUB'S HOSTESS

Mrs. J. J. Daley will entertain the members of the Sunshine Club next Thursday afternoon at her home, 420 Thirteenth street.

Myths, Bacchus and the Language of N. G. Welburn

"Mythical Prohibition" was the theme of Nelson G. Welburn's address to the Modesto Rotary Club a few days ago.

The good citizens of the Stanislaus capital who had the rare misfortune to listen to Welburn unquestionably heard the mother tongue fashioned into fantastic phrases.

Welburn has an uncanniness for building sentences and phrases that range from the lurid to the picturesque to the pungent and stinging.

He has the courage of his convictions, and has never been known to refer to a spade as an implement with which the bucolically inclined may emulate Agribola.

WARREN M. BRYDE AIDS SALVATION ARMY CAMPAIGN

The Salvation Army will hold a meeting at 5 o'clock next Monday evening at Martin's Grill for the purpose of completing plans for a drive for funds to be held in the near future.

Warren McBryde, who is a member of the State Advisory Board of the Salvation Army, has sent letters to the Elks' Rotary Club, Lions Club, American Legion and other organizations urging their support in the drive.

Among the Salvation Army officials present at the meeting will be Col. A. W. Crawford, divisional commander; Otto Schwedler, of the Salvation Army territorial headquarters; and Capt. B. C. Turner, commander of the Richmond branch of the Salvation Army. Warren McBryde is also expected to be present.

A most enjoyable time was spent by all present and a substantial offering was raised for Missions.

2 MEN KILLED IN AUTO WRECK IN MARIN CO.

Two men were killed and a woman and a child probably fatally hurt yesterday when an automobile plunged through a bridge railing at the junction of the Corte Madera and Bigelow avenues, Mill Valley, and landed upside down in a creek bed ten feet below.

The Dead

W. H. Edlin, proprietor of Hikers' Retreat, Mill Valley.

James A. Todd, carpenter, Mill Valley.

The Injured

Mrs. W. H. Edlin, chest crushed, wrists broken; may die.

Daisy Edlin, the Edlins' 3-year-old daughter; seriously hurt.

Edlin was driving a large new car. He had been in the habit of driving a smaller one.

The accident occurred at a sharp bend in the road.

When the car turned over Mrs. Edlin and her daughter were thrown clear of the wreck.

Edlin and Todd were pinned beneath the heavy machine, and were dead when passing motorists extricated them.

Mrs. Edlin and her daughter were rushed to the emergency hospital at San Rafael.

Recovering consciousness, Mrs. Edlin asked for her husband. She was not informed of his death, it being feared the shock might prove fatal.

FIRE MENACES JOHN D. ESTATE

LAKEWOOD, N. J., April 28.—Moving forward on a five-mile front at a diminished rate, due to a lightening of the wind, the devastating forest fire which was fought through the night by hundreds of men was today in the vicinity of Laurelton Park, seven and a half miles southeast of here.

John D. Rockefeller's 150-acre estate near Greenville was threatened, and men were sent to help in the fight which saved it.

Timber damage by the fire is estimated at \$5,000,000.

K. P. Pall Bearers For L. F. Whiting

A large number of friends paid their last respects to the late Lewis F. Whiting yesterday afternoon at the funeral services in the funeral home of Wilson & Kretzer. The eulogy was ably delivered by Rev. Thos. A. Boyer. The Women of Mooseheart Legion attended as representatives of the Moose, of which the deceased was a member.

The Knights of Pythias, of which the deceased was a member, furnished the following Knights as pall bearers: A. T. Davis, G. F. O'Connell, J. C. Bly, J. J. Donnelly, J. C. Werwick and R. L. Parnall.

The remains were cremated in the California crematory, Oakland.

D. J. McPherson Is Remanded to Jail

D. J. McPherson, returned to this city Thursday from Santa Cruz on a warrant issued here charging him with failure to provide, was remanded to jail yesterday when he failed to supply bail of \$2500 fixed by Police Justice C. A. O'Neil.

McPherson probably will be carried to the county jail at Martinez today to await action of the Superior court, pending bail.

GUSTAV YASA PREPARE FOR ANNUAL BALL

Plans are rapidly going ahead for the annual ball of the Gustav Yasa society to be held Saturday evening, May 6, at the East Shore Park. The music will be dispensed by Chick Barry's incomparable jazz orchestra. The public is invited to attend. The committee arranging for the affair is headed by Mrs. D. Erickson.

Gov. Here For Ceremony on May 30

The important part of the day's program in Richmond on Memorial Day, May 30, will be the breaking of the ground for the American Legion Memorial site. The ceremonies will occur at 10:30 o'clock in the forenoon, according to Rev. Paul Little, chairman of the building committee of the American Legion. Governor Stephens will speak.

Architect James T. Nabett is redrafting the plans.

The following is the building committee: Rev. Paul Little, chairman; Dr. C. L. Abbott, Commander T. M. Carlson, W. A. Vickery and Al Brown, representing the American Legion, and the following for the city:

Foley's Honey and Tar Compound

COMPRESSED COMMENT

Socialism wants Congress to pass a bill abolishing poverty. Second the motion.

Many a self-made man did a very bum job of it.

One good thing for native sons is to get out and do some traveling.

Those who smile through tears achieve. Those who just blubber, fail.

Much "unrest" is caused by being unable to rest the elbow on the bar and the foot on the rail.

Republican hard times are about the same as Democratic hard times.

Lenine has had a bullet cut out of him, but his wheels were left in.

Trotzky has an iron hand, it is said. Also a bone head.

What's the idea of having postmasters? The deputies do all the work.

Ford is now taking flat money. He better stick to tin Lizzies.

HOME BREW, HOOTCH AND MOONSHINE

Tanks for "Tanks"

Women bootleggers wear copper containers which fit their bodies in the fashion of baseball catchers' chest protectors, a raid on an illicit still at Peabody, Mass., revealed. Wearing one of these strapped to her body beneath her street clothes, the woman bootlegger could carry a gallon of moonshine to the place of delivery. Such padding was not so good for the woman bootlegger's figure as for the figure of her bank account.

Put It On Ice

Government agents seized a sleigh bearing \$6,000 worth of whiskey across the ice on Lake Champlain to the New York side. At modern prices that was entirely too small an amount of whiskey to mix with so much ice, even if it had been checked, to make any kind of high ball.

Use a Dry Plate Camera

Representative Volstead has become camera-shy since references to his famous dry act have called down hisses in some theatres and since he has received threatening letters from photographers, "probably" denying a sitting to the real weeklies because every movie camera has a couple of cranks to it. As for newspaper photographers, he possibly dislikes them because they are called "stills."

Handed Across the Sea

Good money was spent on cable tolls to inform us that Americans in London now sing the following thirty ditty:

Sing a song of expense,
A bottle full of rye,
Four-and-twenty Yankees
Sitting parched and dry.
When the rye was opened
The Yanks began to sing
"We won't go back to the U. S. A.
God save the King."
To which the prohibitionists might
paraphrase that they "can't not who
writes the songs as long as they make
the laws."

Boston Cellar-brates

Laborers wrecking an old studio building in Boston unvalued a cellar stacked with wine and whiskey, a noted clubman who died thirty years ago. A rush for jobs as house-wreckers followed, but the majority of them will get "wall-eyed" digging away at the mortar before they become "plastered." This discovery in the walls of a forgotten cellar sounds like the foundation of an awful sauce.

No Blue Ribbon Dog

A Huntingdon, W. Va., man, Bernard Staley, has a rat terrier who dug up two buried caches of hootch within forty-eight hours. He has a nose for booze and scents the bottle from afar.

It Just Goes to Show What a Digging Dog Can Do in a Bone Dry Search

Hence, a Dry Dock
Dock workers in London led off the boycott of beer declared by the National Transport Workers' Federation as a protest against the threat to reduce wages of brewery workers while still keeping up the price of drink. This involved many a crumpled wharf town a dry dock.

Of course, the heavy laborers found it easier than clerks to obtain from their boss—at least, they didn't need the toll, white collar.

Pigs is Piggheaded

Because there is so much mash and other home brew and home distilling refuse mixed in the garbage of Pittsburgh, Mass., the pigs refuse to eat the refuse, the garbage contractors report. These contractors want the city to order householders to separate their ordinary garbage from their brew lavings.

Odd, when wine is so much more

funny than drinkers, in a land where liquor and beer once was consumed by the hog's head.

Extra Dry Note

When the newest theatre in New York was christened recently, the owner's wife broke a bottle of real champagne over its "bow," thereby causing real pain to the thirty beholders.

Any one of the actors present glad

ly would have furnished the bow.

Norma Talmadge in Fine Film at T. & D. Theater

Norma Talmadge has done many fine things in the line of screen entertainment, but we doubt if anything ever done before will be quite as generally liked as "The Wonderful Thing," her latest production, which opened an engagement of two days at the Richmond T. & D. Theater yesterday. Miss Talmadge has a role which gives her opportunity for exhibiting a decided talent for comedy, an accomplishment which is generally supposed to have gone entirely to her sister Constance, at least as far as the Talmadge family is concerned. In addition, the story does not deprive the audience at the theater of seeing Miss Talmadge do some of the emotional acting which has made her so popular.

The abilities of Norma as a comedienne were the first surprise of the evening. The second surprise came in finding that Mrs. Lydig Hoyt was in the cast. It must be admitted that the announcement that this New York society matron had gone in for pictures and would have a part in a Norma Talmadge production had been noised abroad, but it was expected that she would appear in but a very minor part. The second surprise, therefore, was the discovery that the young woman who so very capably played the rather difficult role of Catherine Mannerly in the last film was in reality the young woman who has forsaken the gay whirl of the upper strata of society

Says Red Pepper Heat Stops Pain In Few Minutes

Rheumatism, lumbago, neuritis, backache, stiff neck, sore muscles, strains, sprains, aching joints. When you are suffering so you can hardly get around, just try Red Pepper Rub.

Nothing has such concentrated, penetrating heat as red peppers, and when heat penetrates right down into pain and congestion relief comes at once.

Just as soon as you apply Red Pepper Rub you feel the tingling heat. In three minutes the sore spot is warmed through and through and the torture is gone.

Rowles Red Pepper Rub, made from red peppers, costs little at any drug store to get the genuine, with the name Rowles on every package—Adv.

to appear before the camera. "The Wonderful Thing" is really good entertainment. The wonderful thing about it is the wonderful way in which excellent comedy has been mixed with drama and pathos.

The entire cast is fine, and naturally, Harrison Ford carries away the honors that go to the male characters. Howard Truesdale, however, is admirable as the self-made American hog king, and others in the cast who give good account of themselves are Robert Agnew, Ethel Fleming, Mabel Bert, Fanny Burke, Walter McEwen and Charles Craig.

To Make You Smile

Point Well Taken

Angry Subway User (climbing stairs): "Hey, be careful! You stuck the point of your umbrella in my eye."

Cheerful Bimbo: "Not mine, old sis. This is a borrowed umbrella."

Strange Coincidence

Lawyer: "So you want me to defend you, Kastus? Got any money?"
Rastus: "No, sir, but ab got me a mule and a few chickens and a saw."

Subtraction Is Distraction

Teacher: "In subtracting, you must take things from things of the same denomination. You can't take three apples from four peaches, or two marbles from nine buttons, or anything like that."

Silas: "Teacher, couldn't you take three quarts of milk from four cows?"

Followed by Silence

Exasperated Father: "What a boy you are for asking questions. I'd like to know what would have happened if I'd asked as many questions when I was your age."

Young Hopeful: "Maybe you'd have been able to answer some of mine."

Bargain Hunting

Mrs. Newcows: "I want you to teach my son a foreign language."
Language Teacher: "Would you like Polish, Jugoslavian, Armenian, Czechoslovakian or, perhaps, Arable?"
Mrs. Newcows: "Which is the foreign?"

Fowl Tactics

Suburbanites: "Tanks for the rate of chickens you sell, but you ought to be a chicken dealer. The crate was so full they all got out when I was getting on at the station and I had to be in the neighborhood for ten minutes only caught ten."

City Friend

"Said I was a city friend."

Apply Sulphur On Your Eczema Skin

Costs Little and Overcomes Trouble Almost Over Night

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying Mentho-Sulphur, declares a noted skin specialist. Because of its germ destroying properties, this sulphur preparation instantly brings ease from skin irritation, soothes and heals the eczema right up and leaves the skin clear and smooth.

It seldom fails to relieve the torment without delay. Sufferers from skin trouble should obtain a small jar of Mentho-Sulphur from any good druggist and use it like cold cream.

FORMER RICHMOND COUPLE GET LICENSE TO WED

Clarence Brown, 25, of San Francisco, and Ruth Adair, 23, of Berkeley, were issued a marriage license Thursday in Oakland. They are well known here, where they formerly resided. Their engagement was announced several weeks ago.

Long Lines Give Look of Distinction

"Really, Esther, I hardly knew your sister in that lovely new navy tricotine suit she was wearing yesterday. She has been bewailing the fact that she is getting a bit stout, and I declare I thought she looked real slender."

"Well, mother and I both have pleaded with her to wear long lines instead of short packets and plaid skirts. They only add to her width and she really isn't bad if she dresses right."

"Isn't bad, did you say? I should say she isn't. She's positively stunning. She looks really dignified with that dashing dark hat and veil, that lovely blouse and that wonderful suit."

"Well, that suit is a beautiful thing, I'll admit. It has one of those new long coats with slashed sides and is of the best material and is evidently made by skilled tailors. She got it at an exceptionally low price, too. I think. She went to 515 13th street and got it at Cherrys. And the best part of it is that she got the suit, hat and blouse on credit. They allow one to make practically any arrangements for first payments, and the later monthly payments that are satisfactory to the buyer."

Cherry's store for men is at 528 13th street.—Advertisement.

The Big-Town Round Up

SYNOPSIS

FORWARD—Motoring through Arizona, a party of easterners, father and daughter, are in a companionable way to witness a cattle round up. The girl leaves the car and is attacked by a wild horse. A masterpiece of riding on the part of one of the cowboys saves her life.

CHAPTER I—Clay Lindsay, range rider on an Arizona ranch, announces his intention to visit the "big town." New York.

CHAPTER II—On the train Lindsay becomes interested in a young woman, Kitty Mason, on her way to New York to become a motion-picture actress. She is marked as a fall prey by a fellow traveler, Jerry Durand, a politician and ex-prize fighter. Perceiving his intention, Lindsay provokes a quarrel and thrives Durand from the train.

CHAPTER III—On his first day in New York Lindsay is checked with water by a janitor. That individual the range rider punishes summarily and leaves tied to a fire hydrant. A young woman who sees the occurrence invites Clay into her house and hides him from the police.

CHAPTER IV—Clay's "rescue" intruder, a girl named Beatrice Whitford, Lindsay meets her father, Colin Whitford, and is invited to visit them again. He meets Kitty Mason by accident. She has been disappointed in her stage aspirations, and to support herself is selling cigarettes in a cabaret. Clay visits her there.

CHAPTER V—Kitty is flattered by a customer. Clay punishes the annoyance. After a lively mixup Lindsay escapes. Outside, he is attacked by Jerry Durand and a companion and beaten senseless.

CHAPTER VI—Lindsay's acquaintance with Beatrice Whitford opens. Through her he is introduced into "society." His "side partner" on the Arizona ranch, Johnnie Green, comes to the "big town."

CHAPTER VII—The two take an apartment together. Johnnie securing employment at the Whitford's as "handyman." An advertisement signed "Kitty M." conveys the information that she is in trouble and implores Lindsay to come to a certain house where she is imprisoned. Clay is dubious as to its authenticity, but finally decides to go. He makes his way into what he discovers is the right house and finds himself in a young woman's bedroom.

ted.

"Have you heard something about your cigarette girl?"

Clay was amazed at the accuracy of her center shot.

"Yes," he showed her the newspaper.

She read. The golden head nodded triumphantly.

"I told you she could look out for herself. You see when she had lost you she knew enough to advertise."

Was there or was there not a faint note of malice in the girl's voice?

Clay did not know. But it would have neither surprised nor displeased him. He had long since discovered that his imperious little friend was far from an angel.

At his rooms he found a note awaiting him.

"Come tonight after eleven. I am locked in the west rear room of the second story. Climb up over the back porch. Don't make any noise. The window will be unbuttoned. A friend is mailing this. For God's sake, don't fail me."

The note was signed "Kitty." Below were given the house and street number. Was it genuine? Or did it lead to a trap? He could not tell. It might be a plant or it might be a wall of real distress. There was only one way to find out unless he went to the police. That was to go through with the adventure. He decided to play it line hand except for such help as Johnnie could give him.

Clay took a downtown car and rode to the cross-street mentioned in the letter for a preliminary tour of investigation. The street designated was one of plain brownstone fronts with iron-grilled doors. The blank faces of the houses looked so confident. It struck him that there was something sinister about the neighborhood, but perhaps the thought was born of the fear. Number 121 had windows barred with ornamental grilles. This might be to keep burglars out. It would serve equally well to keep prisoners in.

The catfishman did not linger in that street lined with houses of sinister faces. He did not care to call attention to his presence by staying too long. Besides, he had some arrangements to make for the night at his rooms.

SUNFLOWER HARVEST

MILKING TIME

PRINCE ALBERT, SASK.—The silos are new in Western Canada, but they promise to augment materially the prosperity of dairy farmers.

They cost nothing except the labor to build them. They are no better than other silos, but their cheapness has given them wide spread popularity.

The new form of silo is a pit about eight feet deep and sixteen feet wide, the length depending on the amount of silage to be stored. The silage is packed in a silo made of straw and straw bales. The silage is packed in a silo made of straw and straw bales. The silage is packed in a silo made of straw and straw bales.

The value of the dairy output in the three prairie provinces last year was \$50,000,000. The cost of production was at least 85 per cent, leaving a profit of \$8,500,000. If the cost were reduced 20 per cent an increased profit of more than \$5,000,000 would be realized.

Salts if Backache and Kidneys Hurt

Drink lots of water and stop eating meat for a while if your bladder troubles you

When you wake up with backache and dull misery in the kidney regions it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and lazy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels, removing all the body's urinous waste, else you have backache, headache, sick headache, dizzy spells, your stomach soars, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water seals and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with bicarbonate, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful effervescent lithia-water drink. Adv.

Ladies! Look Young, Darken Gray Hair

Use Grandma's Sage Tea and Sulphur recipe and nobody can tell. Brush it through hair.

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray, and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundredfold.

Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a bottle of "Wyeth's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully; besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application, or two, its natural color is restored, and it becomes thick, glossy and lustrous, and you appear years younger.

HEALTH CENTER TO OPEN MAY 1

The Richmond Health Center at 235 Ninth street, will be formally opened Monday, May 1, according to plans given out yesterday.

The dispensary has been painted white, and will prove an attractive place for the purposes for which it is designated.

The clinics are on the first floor, and also the offices of the Richmond chapter of the American Red Cross, which will be under the care of Mrs. L. M. Ogden. The dispensary and the office of Miss Nora Loveless, graduate nurse, also are on the first floor.

Mrs. Clara Wilson, assistant to the nurse in charge, will have her living quarters on the first floor.

Richmond physicians and surgeons have acceded freely to the request for services, and the following schedule is announced.

Eye, ear, nose and throat, two clinics a week.

Medicine, two clinics a week.

Obstetrics and gynecology, two clinics a week.

Children, two clinics a week.

Skin and venereal diseases, one clinic a week.

Well babies, one clinic a week.

The Health Center will defray the expenses incident to anesthetics and X-ray treatment, these to be done in the physicians' offices.

Those who are able to pay will be expected to pay a nominal sum to the center, but the chief cost will be borne by the city and county.

Monday afternoon the clinic will keep a sort of open house to enable the people of the city a close-up of the clinic.

The following compose the board: W. T. Helms, president; George B. Fredenburg, vice-president; Mrs. Clara Wilson, secretary; T. H. DeLap, treasurer; T. N. Calfee, H. D. Chapman, Rev. T. A. Boyer, Dr. C. L. Abbott and Dr. C. S. Lipp.

KEEPING WELL MEANS A CONSTANT FIGHT AGAINST CATARRH

Many persons may be afflicted by a chronic condition of the nose, throat, and lungs, and these conditions are just a few of the very common ailments which may be caused by a constant attack of catarrh.

DR. HARTMAN'S PE-RU-NA

Pe-Ru-NA is a powerful and reliable remedy for all catarrhs of the nose, throat, and lungs.

WOMEN'S GYM CLASS CLOSES

The women's Monday night gym class will not hold any more sessions this spring or summer, according to announcement made by Principal B. X. Tucker of the High school. The girls have enjoyed the year's work, and will regret to learn of its closing, but are hopeful of its resumption in the fall.

Be Sure You're Right

Your battery may seem to be so full of life that you may conclude everything is O. K.

But it pays to be sure, because batteries, sometimes, die very suddenly, right when they seem to be in the best of health.

Here at Battery Headquarters we know the facts before we tell you either that your battery is in good shape or that it needs repair or replacement.

Everything's done here according to Willard National Standards of Service.
